Team Capital Bank to Sponsor Home Makeover Project

Doylestown, PA: Thursday, March 8, 2007: Patricia A. Markel, Regional President of Team Capital Bank, announced today that Team Capital Bank would be a sponsor of the Bucks County project for Extreme Makeover: Home Edition. “We are proud to join so many other organizations in Bucks County in support of this unique project,” Markel stated. “Even though we just opened for business in Doylestown our directors and staff have personal roots in Bucks County so the opportunity to participate in helping the Kilgallon family was especially compelling.”

“One unexpected result of our sponsorship was especially gratifying,” Markel continued. “One of our directors was talking about our sponsorship to a business associate. Because of that conversation a connection was made that resulted in free insurance being provided to cover the Kilgallon’s house. As a community bank our focus is to help families and businesses grow and we very pleased that our sponsorship created this extra benefit.”

Team Capital bank received its charter from the Office of Thrift Supervision in 2005 and is FDIC insured. Offices are located in Bethlehem and Doylestown, Pennsylvania and Flemington and Phillipsburg, New Jersey. Team Capital Bank is an Equal Opportunity Employer
